

## The only wireless remote and mouse that stores and charges inside your laptop.

MoGo Mouse BT™ is the business-card-sized, *Bluetooth*®-enabled mouse that stores and charges inside your laptop's PC Card slot – a “must have” for every laptop. The sleek, patented design of MoGo Mouse BT™ is reflective of its powerful practicality.

### Features

- Award-winning design with integrated kickstand which flips out to comfortably position the mouse
- Embedded *Bluetooth*® wireless functionality
- Convenient, in-laptop storage frees users from the fuss of clumsy devices
- Charging your MoGo Mouse BT™ inside your laptop means freedom from buying batteries and saves the environment
- Downloadable scrolling software makes reviewing important documents or browsing Web sites more convenient
- Same functionality as conventional laser wireless mice – scroll, right click, left click – without the bulky, oversized design

### It Scrolls!

With its downloadable scrolling software, MoGo Mouse BT™ makes wirelessly reviewing important documents and Web sites on the go more convenient than ever before. For your free download, click the button on the left.

# MoGo Mouse BT™

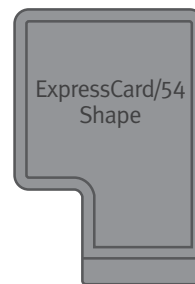

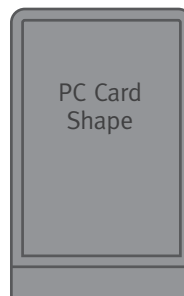

Sleek and comfortable, MoGo Mouse BT™ allows the same functionality as conventional laser wireless mice – scroll, right click, left click – but without the cumbersome design that makes other mice difficult to take on the road. MoGo Mouse BT™ is built with an easy on/off switch and a handy kickstand for ease-of-use.

## \*What Slot do I have – PC Card or Express Card/54

If you don't know which slot type you have in your laptop, please take out the filler plate on the side of your laptop to reference the shapes at right. Or if you have removed your filler plate, please check your laptop's user manual.

If your current laptop has a Express Card/54 Slot, please check out our MoGo Media Mouse X54™ or MoGo Presenter Mouse X54™ specifically designed for this application.
